Dear Sirs,

The Foothill Trails District Neighborhood Council, at its General Board meeting this evening, voted to approve in concept, the continued expansion proposals by All Nations Church, 10000 Foothill Blvd. Lake View Terrace, with the following recommendations that were made to representatives of the project at the FTDNC Land Use Committee meeting on June 2, 2009:

- 1) That a stop light be constructed at Foothill Blvd. and the church driveway entrance.
- 2) That DOT traffic directors remain on the site for Sunday traffic control for a minimum of six months.
- 3) That grass-crete be used whenever possible for ecological and aesthetic reasons.
- 4) That the tent height be lowered 5 feet to be flush with the building heights.

The FTDNC continues to be very concerned about the Church's expansion and how it will dramatically increase traffic within a low density rural neighborhood. It hopes that all measures possible will be made to mitigate the negative impacts and improve community responsiveness. Open space must be maintained as approved.

Thank you,

Dale Gibson,  
President Foothill Trails District Neighborhood Council

cc. Council District 2 Planning Deputy  
All Nations Church  
Planning Associates, Inc.
