FOOTHILL TRAILS DISTRICT NEIGHBORHOOD COUNCIL

Community Impact Statement

At the Foothill Trails District Neighborhood Council General Board meeting held on December 16, 2021, the Board voted _____ For, _____ Against, _____ Abstain to **SUPPORT** the City Council Motion to create more effective requirements for on-site posting of land use actions **Council File #21-1385**.

On-site posting of notices can be one of the most effective methods for informing the public about pending land use actions. The short time limit and small size of current posting requirements in the City of Los Angeles makes it less likely to be noticed by the public. Other jurisdictions have adopted longer posting periods and larger signage, making it more likely to be noticed by the public. Engagement of the public is key to providing a fair and balanced land use decision process. The FTDNC supports improvements to land use posting requirements, in order to increase public awareness of land use actions.

Sincerely,

Kevin Davis
President FTDNC

cc: Councilwoman Monica Rodriguez, CD7
CD7 Planning Director
