The Foothill Trails Neighborhood Council met on August 26, 2025, with quorum established. The meeting focused on reorganizing the newly constituted board, public safety, finances, and priorities for the coming year.

- Board organization remained underway: the parliamentary position and two board seats were still open, committees were assembling membership, and the council discussed using alternate members to help maintain quorum. Members were also reminded about required training and encouraged to become more involved in regional Neighborhood Council groups.
- Public-safety discussion covered fire preparedness, recycled-water access, RVs and homelessness, illegal dumping, and evacuation routes. Officer Godoy reported that Lake View Terrace crime continued to decline and noted that Orcas and other areas had remained largely free of RV encampments, while several specific RV and private-property issues were being addressed.
- Financially, the council learned that roughly \$18,297 from the prior year had been approved for rollover. The board approved the May, June, and July 2025 monthly expenditure reports and began discussing potential uses of available funding, including community events, emergency preparedness, neighborhood signage, illegal-dumping initiatives, and a spring shredding/cleanup event.
